In fact, all of Engineer Trafford's estimates have been approved save that no provision is made for any ornamental lights, electric or gas. The luxuries have been cut out and all unnecessary items turned to swell the funds for streets or schools. In view of the urgent demands of those two items and the talk in some sections of bond issues, despite the fact that the city has issued in the past five years bonds to the extent of \$4,755,100, or nearly half of its entire bonded indebtedness, the suggestion was made by members of the committee that it might be necessary to raise more revenue, this to be done by increasing the city reverse.
